

PROUD to be PUBLIC

Public Sector Wages Agreement 2016

YOU DELIVER OPPORTUNITIES & BETTER LIVES FOR ALL

This year's bargaining is a chance to secure what you need to provide the services that strengthen our communities

The Hodgman Government's unique approach includes:

- **NO BACKDATING**
[even tho the Ambo deal DOES include backdating]
- **WAGE INCREASES OF "UP TO 2%"**
[even tho Premier Will Hodgman gave himself 2.3%]
- **Every improvement in conditions being CUT FROM YOUR WAGE INCREASE**
[family violence leave, parental leave etc]
- **STRIPPING YOUR AGREEMENT of "non industrial matters"**
[superannuation, workload management, leadership development etc]

Tasmanian public sector wage growth is the lowest in Australia yet our private sector wage growth is the highest in the country... IT'S TIME FOR A FAIR DEAL!

**Together we can strengthen our public sector
To do this we need to be a majority union**
